Specification Sheet

Chemical name: S-trityl-poly(L-lysine trifluoroacetate)

CAS number: unknown

Catalog item: TS-PLKF₁₀₀, average MW 25000

Catalog number: 000-KF100TS

| | |
|---------------------------|-------------------------------------|
| Appearance | White to faint-yellow solid |
| Solubility | Clear solution at 50 mg/mL of water |
| Identify by NMR | Conforms |
| MN by NMR | 22200-27100 |
| DP _n by NMR | 90-110 |
| S-Trityl substitution (%) | 95-100 |
